**Q1. Read the following passage and answer the question. (8)**

Squirrels are funny animals with bushy tail. They usually eat fruits , nuts and seeds. Most squirrels live in trees. There are several kinds of tree-squirrels. The red squirrel lives in Europe and Asia. The North American grey squirrel has spread to other countries. Flying squirrels can glide from the tops of the trees using folds of skin between the legs as 'wings'. Some kinds of squirrels, like chipmunks, live in the ground. Like rats, they live in holes. They have shorter tails and never climb trees.
